INNOVATION WORKSHOP

KELOWNA BC

#3, 3312 Appaloosa Road, Kelowna, BC V1V 2W5

The Technology Behind the Tile

Join Schluter®-Systems' technical experts for a free Innovation Workshop outlining the latest state-of-the-art installation solutions for ceramic and stone tile installations and the theories behind their innovation. Share your experiences with colleagues in an informative, energetic atmosphere.

INNOVATION WORKSHOP

2-day course consists of both classroom and hands-on instruction

TOPICS COVERED INCLUDE:

Shower System

Waterproofing is the foundation of a successful tiled bathroom. Moisture-sensitive construction materials must be protected from water and vapor penetration to prevent damage, and the growth of mold. Learn about the Schluter®-Shower System – an integrated family of products that create fully waterproof and vaportight enclosures for tiled showers, steam showers, and bathtub surrounds.

KERDI-BOARD

Whether you work with mosaics or large-format tiles, an absolutely flat substrate with straight and precisely aligned inside and outside corners is essential for creating a perfect tile covering - which tile installers can now achieve on their own, using Schluter®-KERDI-BOARD. KERDI-BOARD is waterproof and dimensionally stable, as well as lightweight and easy to work with. Substrate, building panel, bonded waterproofing... discover the possibilities!

DITRA & DITRA-XL

Learn how a multi-functional underlayment produces tiled floors that will last a lifetime. Specifically designed for ceramic and stone tile, Schluter®-DITRA and DITRA-XL provide uncoupling, waterproofing, vapor management and load support – the 4 essential functions for a successful installation.

Profiles

Discover how profiles both protect and beautify tile installations. Protect tile edges and create smooth transitions on tiled floors; finish and protect tile edges on walls; see how profiles allow you to create beautiful, functional tiled countertops – without the need for ceramic trim pieces; create safe and durable tiled stairs; and learn about proper use of movement joints.

INNOVATION WORKSHOP

HOTEL

Fairfield Inn & Suites Hotel

1655 - Powick Rd., Kelowna, BC V1X 4L1
1-250-763-2800
